

I was kneeling one day asking God to forgive me
I was deep in despair, had no peace within
I surrendered my all unto Jesus my savior
then the glory came down I was saved from sin

O the glory did roll, I was happy and free
I had heard a sweet voice speaking pardon to me
such a wonderful joy I was given within
when the savior in love saved me from all sin

I will praise his dear name for the wonderful victory
and with joy in my heart all along the way
I am longing see heaven's glorious city
and to hear the Lord call "Come and live for aye"

O the glory did roll, I was happy and free
I had heard a sweet voice speaking pardon to me
such a wonderful joy I was given within
